#### Walkable Downtowns Drawing Companies and Talent - Urban Land Magazine

Suburban office parks, which developed and spread far and wide as businesses left American cities, are now losing ground to those same cities, according to a new report by Smart Growth America.

#### Critics of wind energy and solar power lambast those energy resources' land use.

Yoshimi Yoshida

To make such a spurious argument, anti-renewable energy activists focus solely on the footprint of a power plant and ignore the so-called "upstream" land losses reported by the peer-reviewed article...

New discussion

#### Stopping Development-How Far is Too Far?

Patrick Fox

With competitors fighting each other's projects on a regular basis, this article and white paper lays out what is legal and what crosses the line. Good to know it when you see it.

## Revolutions Magazine introduces Innovations for Home Building and Land Development

Richard Harrison

Revolutions Summer Issue introduces pioneering new methods and technology to advance the land development and housing industry.

New discussion

## There's a huge push in the Michigan legislature to do gut energy efficiency and renewable energy. Here's but one example.

Saulius Mikalonis

The issue has split business interests. For example, the Association of Business Advocating Tariff Equity, which advocates for large industrial companies on energy issues, is lobbying differently...
